

Luís M.M. Almeida, 1993
luis93.pa@gmail.com

Skills:

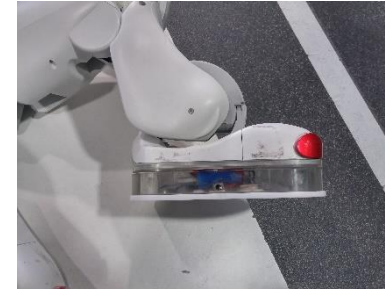

C/C++
Python
ROS
Matlab

Research Interests:

Bipedal Locomotion
Humanoid Robotics
Machine learning
Computer vision

Education

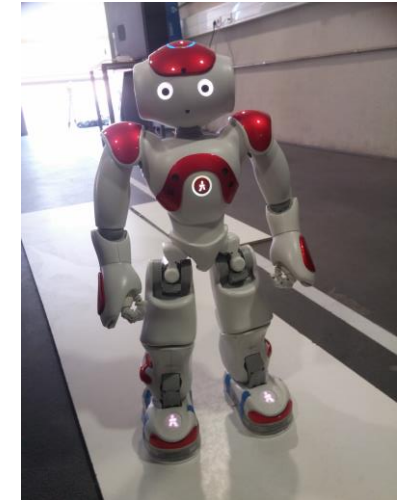

2nd year PhD Student in robotics: “Improved humanoid gait using learning-based analysis of a new wearable 3D force system”

*Institute of Electronics and Informatics Engineering of Aveiro, Portugal
(2018 Dec – Present)

Research fellow at IEETA*
(2016-2018)

Master's in mechanical engineering, Aveiro University, Portugal
(2011-2016)

Goals at VVV'20: Acquire new skills in robot programming and machine learning
Make contacts with people working in the robotics field
